Easter Study School

In our continuous drive to provide our young people with additional support in the run up to the SQA examinations, we are once again running an Easter Study School programme.

The Easter Study School days will focus on revision activities designed to improve the students' understanding of course work, enable additional support where required and provide an opportunity to practise exam technique in preparation for forthcoming assessments. It will also provide a suitable environment for learning and revision as well as access to any required resources to assist them in their studies. Students should sign up for relevant classes and they are also welcome to attend for private study.

You will find below an Easter Study School timetable. I would ask you to discuss this with your son/daughter and encourage them to attend whenever possible. The Easter Study School option form should be completed by Thursday 23rd March.

The Easter Study School will run from 9.00am until 2.30pm. Each class will run for two and a half hours with a fifteen-minute break in between. If students are attending for the whole day, they should bring lunch. Drinks and snacks will be provided.

Students are expected to make their own transport arrangements on the days they attend Easter Study School, however if there are any difficulties do not hesitate to contact the school. We are keen to enable as many students as possible to take up this excellent opportunity in preparation for the SQA exams.

Yours sincerely

Elaine C. Colligan
